Hay Street
PERTH WA 6000

Dear Residents and Businesses

CITY OF PERTH LIBRARY SAFETY BARRIER – 567-579A HAY STREET, PERTH

The City of Perth Library is an iconic Perth building which opened in March 2016. Designed by Kerry Hill Architects and built by Doric Contractors, the building has received many awards and accolades. However, the stone cladding that is featured on the outside of the building has been impacted by expansion and contraction defects and needs to be replaced.

During regular routine inspections of the building, pieces of loose stone have been detected and removed. A recent survey has shown that more stone is failing and has become a risk to the public.

To ensure public safety, the City will remove all the existing stone and replace it with a new façade. Before that work starts, a safety barrier will be installed around the library. People will still be able to access the library, but the barrier will remove the risk of falling stone.

SCHEDULE OF WORKS

Date: Monday, 19 June to Monday, 10 July 2023

Time: 8:00 am to 5:00 pm

PROJECT IMPACTS

- A safety barrier will remain in place to facilitate the remediation works. Please follow the directional signage around the work site.
- Low-level noise from the erection of fencing and gantry can be expected.

MORE INFORMATION

Further information can be found via [Engage Perth](#) or by scanning the QR Code.

ENQUIRIES

For any queries relating to the works, please contact Hamid Karami, Project Manager, on (08) 9461 3408 or email info@cityofperth.wa.gov.au.

We thank you for your understanding during the period of these essential works.

Yours sincerely
