Places of significance to Aboriginal communities may be included in the LHS where their cultural heritage significance is not solely connected with Aboriginal tradition or culture. Places that may be protected under the Aboriginal Heritage Act 1972 should be identified as such in the LHS, noting that the provisions of that Act also apply.

The Aboriginal Heritage Act 1972 has undergone a major review. It’s replacement, is the Aboriginal Cultural Heritage Bill 2020, which is scheduled to be presented back to Parliament this year.
