Owners/Tenants

Hay St Mall and Murray St Mall

Dear Business Owner/Tenant

Hay and Murray Street Malls Bollard Replacement Progress Update

Following the replacement of the automatic retractable bollards within the Hay Street and Murray Street Malls in 2020, The City of Perth (City) has committed to upgrading the remaining adjacent static bollards. The new bollards will form a certified barrier to prevent unauthorised vehicular access into both the Hay Street and Murray Street Malls, supporting their status as safe pedestrian places.

The City has appointed MG Group contractors to undertake this work, with the installation of the new bollards scheduled to commence in August 2022.

STAGE	LOCATION	ANTICIPATED DATES *	TIMES
1	Hay St Mall exit Intersection of William St and Hay St	08/08/2022 to 24/08/2022	0530 to 1530
2	Hay St Mall entrance Intersection of Barrack St and Hay St	24/08/2022 to 09/09/2022	0530 to 1530
3	Murray St Mall exit Intersection of Barrack St and Murray St	09/09/2022 to 27/09/2022	0530 to 1530
4	Murray St Mall entrance Intersection of William St and Murray St	27/09/2022 to 13/10/2022	0530 to 1530
5	Target Lane	14/10/2022 to 27/10/2022	0530 to 1530

**Subject to activity permit approval and environmental conditions*

How will the works impact you

Mall Access

- The City will endeavour to maintain 'business as usual' and there will be no impact on service vehicle access into the Mall.

- Safety fencing will be installed around the affected works area. Pedestrian management signs will be in place to direct the public around the works area.

Noise/Dust

Noise is to be expected during the hours of 7am to 5pm while the existing bollards are removed and the site prepared for the replacement bollards. This should take no longer than two days with the safety fencing installed and the site covered to mitigate any dust. City contractors are bound by the *Environmental Protection (Noise) Regulations 1997* and the permit requirements issued by the City of Perth Health and Activity Approvals unit.

We acknowledge that these necessary works will cause inconvenience in the short term. Those businesses who are in the construction zone will be kept regularly informed by the City Contractor and City of Perth Stakeholder Engagement Team should there be any delays, and in the spirit of community safety, the City thanks you for your patience and understanding.

How can you find out more?

The City and MG Group will ensure that all stakeholders are kept up to date with progress of the works. If you require further information on site regarding these works, please contact:

- Felicity O'Neill, Project Manager on 9461 3333 or via email at info.city@cityofperth.wa.gov.au.

Yours sincerely

Craig Best
