

Cycling in the City of Perth – Consultation Summary

JULY 2023 SURVEY RESULTS

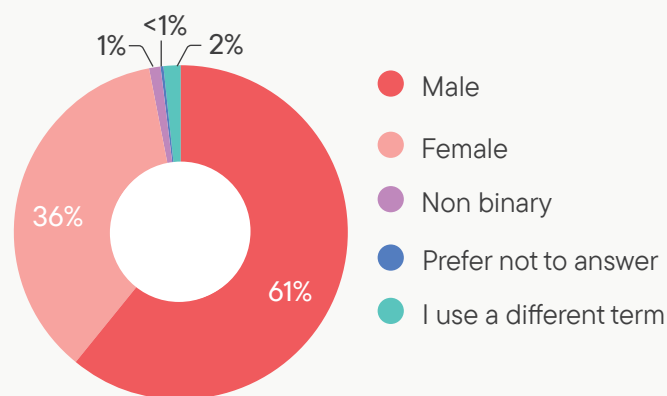

An online survey was launched on 30 June 2023 and made available via the City's online platform, Engage Perth until 21 July 2023. The intent of the survey was to capture information on cycling in the city which will inform the development of a new Bike Plan.

A total number of 483 survey responses and 328 pins on the mapping tool were received. The Engage Perth platform captured a total of 1638 visits.

WHO DID WE HEAR FROM

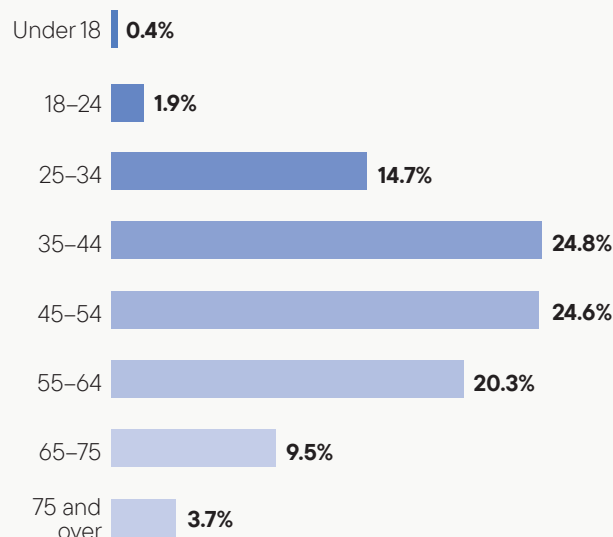

GENDER BREAKDOWN

RESIDENTIAL POSTCODE

	Number	% of Total
Within City of Perth	191	40%

AGE BREAKDOWN

ATTITUDE TO CYCLING

51% of respondents said they were highly confident riders

35% of respondents said they were moderately confident riders

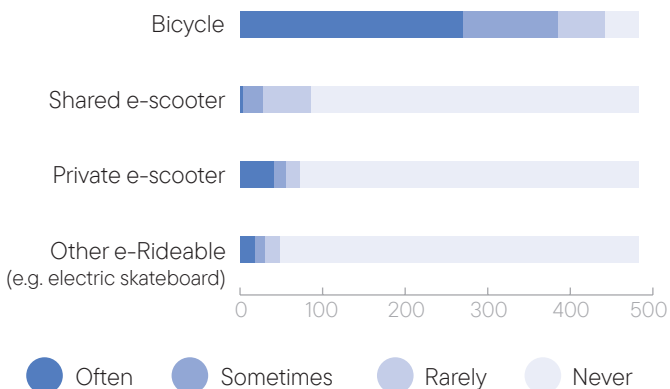

8% of respondents said they were interested but not confident riders

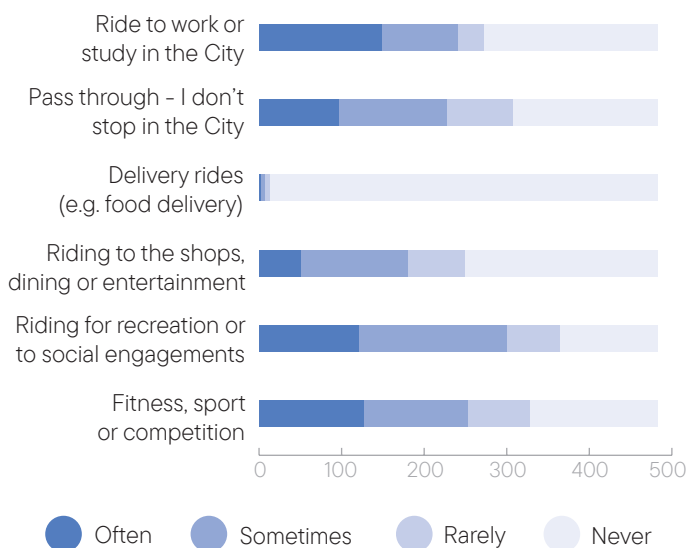

6% of respondents said they were not able to cycle and/or not interested

HOW OFTEN RESPONDENTS RIDE THE FOLLOWING

HOW OFTEN RESPONDENTS RIDE FOR THE FOLLOWING REASONS

KEY THEMES FROM THE CONSULTATION MAP

-  Greater network connectivity and completeness needed.
-  Conflict with other road users, especially driver behaviour.
-  Specific requests for improved infrastructure.

TOP 5 REASONS RESPONDENTS WOULD RIDE MORE OFTEN

-  Safer routes, separated from motor vehicles
-  Convenient, connected and direct routes
-  Consistent, high quality and well-maintained paths/routes
-  Well-lit riding routes and improved personal safety
-  Slow speed, shared environments, with shops and other amenities

OTHER FEEDBACK - KEY THEMES

More direct routes into and through the city.

Separating cyclists, pedestrians and cars.

30km/hr speed limits and low volume of motor vehicles when riding in mixed traffic situations.

Improved road surface, cleaned routes (glass, debris and rubbish) and at night better lighting.

More acknowledgement of bikes being able to share the space.

Driver education is severely lacking.
