Claisebrook Cove Businesses and Residents

Dear Businesses and Residents

IMPORTANT INFORMATION REGARDING CLAISEBROOK COVE JETTY STRUCTURES

The public realm in Claisebrook Cove – originally constructed to a high quality from the late 1990s – has served the community well over time. As the area has matured, existing infrastructure such as the Claisebrook Cove jetty structures need to be reviewed to determine if they still meet community expectations and if any changes are required.

CLAISEBROOK COVE JETTY STRUCTURES SURVEY

The City is preparing a 'Jetty Feasibility Study' for Claisebrook Cove and an important part of this work is to hear the community's aspirations for these facilities.

A survey on Engage Perth has been set up to query:

- Preferred type of use for the jetty structures e.g. commercial, private or public
- Type of craft that need jetty facilities e.g. powered, paddle, sail, etc.
- Additional questions and feedback

The survey will be available via Engage Perth.

FEEDBACK

The survey can be accessed via the [Engage Perth](#) site or by scanning the QR Code.

The survey will be open for submission until **Friday 3 March 2023**.
